#GoodBusiness

We are problem solvers. We innovate, create, communicate, support and overcome. We do this by listening and understanding, and then applying our intelligence, experience and know-how.

(We get it, then we solve it.)

Oh, and we have fun doing it.

Talk to us and you'll understand why straight away.

GB has clients in many industries and territories, spanning B2C and B2B. This diversity in the client-base leads to enhanced creativity and an understanding of how different markets can boost sales around the globe.

We believe that ethical business is good business. That respect and friendliness should be a mutual prerequisite, regardless

of gender, determination, age, color or race. Sustainability is a word that applies equally to our mindset and our relationships and above all, we know that when good business is the goal, success follows.

Welcome to GB Agency, the epitome of the modern agency, where design, ethics and business acumen combine to provide real-world solutions to clients.

GB is a fun, friendly team of 10 extraordinary people that come together from all across the US and beyond, providing all in-house services across the marketing spectrum.

GB was born in early 2012, when CEO James Bremner exited Booker Software, the latest in a long line of businesses in the US and Europe that he had driven to a market leading position.

Complete management, promotions and campaigns

GB gets social for business. Social media should probably be part of your overall marketing strategy, but it's rarely a direct sales tool. We'll help you understand the difference, and how social media can work for you.

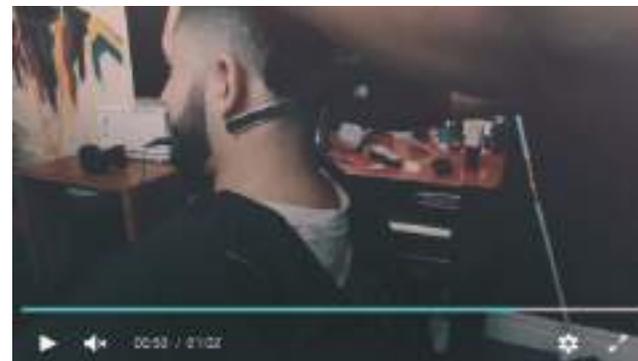

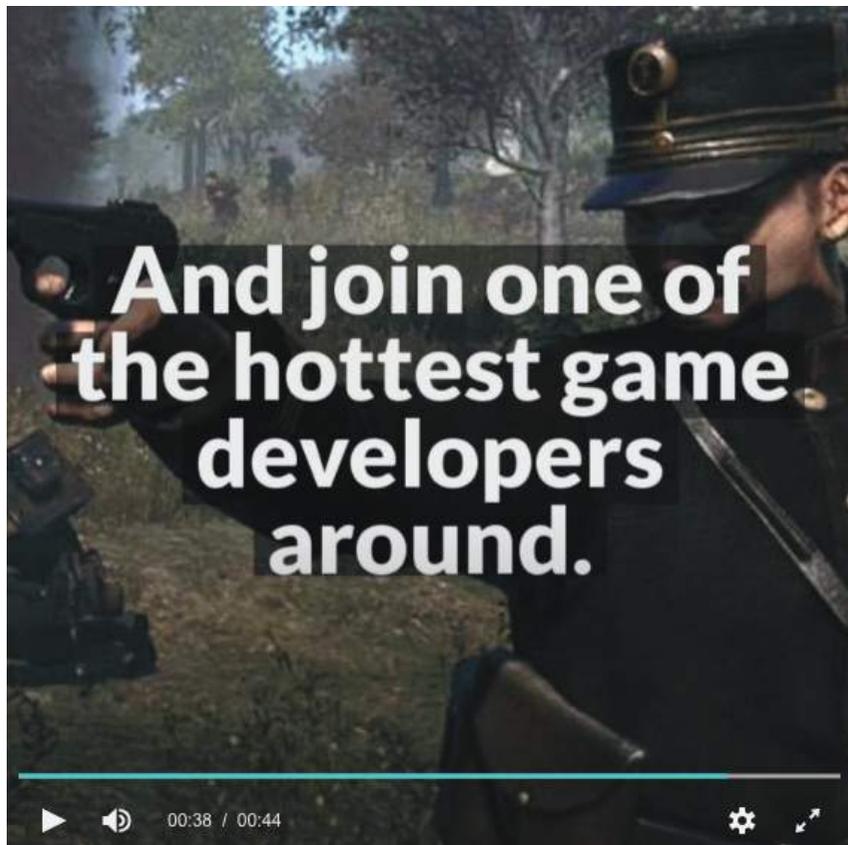

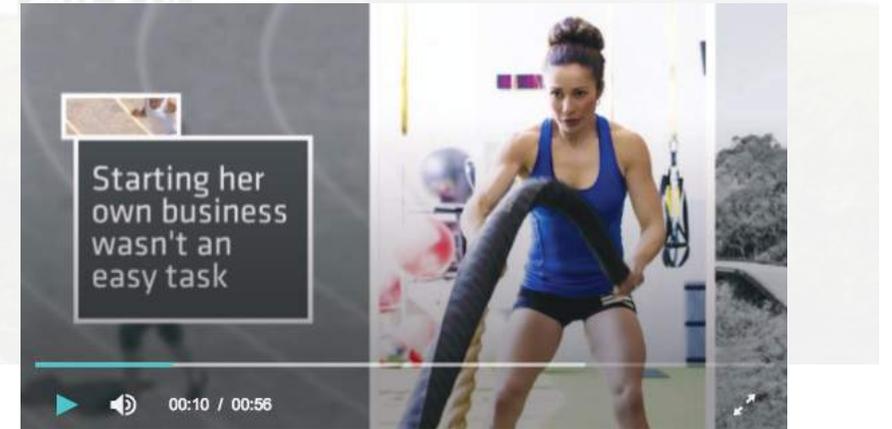

branding

Your business identity is more than just a logo

GB has branded and rebranded businesses around the world by understanding their culture, outlook and product. Every brand should encompass more than just style; it should be the personality and embodiment of your company.

video

Tell your story like no one else can

Videos are no longer reserved for the largest, wealthiest businesses. Through GB, you have access to a huge array of video capture, animation and post-production. Our creative team will help you find the right fit for your message, and your budget.

events

Complete design and build to booth management

GB has decades of trade show experience. We analyze foot traffic and design booths that attract leads and sales. From concept and market research, to cost-effective stands, we'll drive traffic and your brand equity!

GB Agency has been a dream to work with.

They are solution-oriented as well as creative. I used them to rebrand my company that included logos and new brand aesthetic, a new website, as well as a conference booth.

I would recommend them again and again for their professionalism and talent.

- Tracey Wells-Schneps SMK Workforce Solutions

Thank you for making us look so good!
We love the new site and it was a pleasure working with you and your team!
