Awesome shopping experience!

I found everything I needed for my dog, from medications to wellness products. The best part is they have an impressive variety for all kinds of pets, including horses and cats.

Derma-Clens Cream

It helps with wounds caused by cold, such as irritations and cracks. Its formula helps clean the affected area, prevent infections, and promote healing.

UltraShield Fly Mask for Horses

Delivers superior UV protection, a secure fit, and breathable fabric to keep your horse cool and comfortable all season long.

Skin and coat health is a key indicator of your pet's overall wellness.

As pets shed their winter coats, spring is the perfect time to check in on their skin and coat health. Seasonal changes can bring itching and dryness—support their comfort with omega-3s and gentle, vet-recommended topicals.

What's your favorite part about working at Heartland?

I love the people I work with—it's like having a second family (but with way more pet talk!). Plus, it's super rewarding to know we're helping keep pets happy, healthy, and totally spoiled.

Do you have any pets? Tell us about them!

We rescued Elsa 5 years ago, and she's been running the show ever since! She is happiest when the grandkids come to play or she gets to go on a car ride.

What's one fun fact people might not know about you?

Fun fact: I'm the Queen of Bucket Lists. If there's an obscure road side attraction, a unique restaurant, or a pickle festival two states over—you better believe it's on my list and someone from my family's coming with me (whether they like it or not).

Meet The Team:

Heather Trausch, Pharmacy Operations Manager/Compliance Coordinator

Heather

What's your favorite part about working at Heartland?

My favorite part about working at Heartland is the amazing people I get to work with and the opportunity to help meet the needs of your beloved pets.

Do you have any pets? Tell us about them!

We don't have any pets right now—we lost our dog about a year ago, and we're just taking our time before bringing another furry friend into our lives.

What's one fun fact people might not know about you?

One fun fact people might not know about me is that my husband and I own eight cattle—we love the farm life!

Meet The Team:

Katlynn Potter, Warehouse Manager

Katlynn

What's your favorite part about working at Heartland?

My favorite part about working at Heartland is working in a fun, fast paced environment while supplying your pets with the best products.

Do you have any pets? Tell us about them!

No, unfortunately I don't have a furry friend but would love to own a cat some day.

What's one fun fact people might not know about you?

I have 8 tattoos!

Meet The Team:

Jess Schwartz, Accounting Assistant

Jess

What's your favorite part about working at Heartland?

My favorite thing about working here is the people I get to surround myself with for 8 hours a day! Also the joy this whole team has for providing our customers with care.

Do you have any pets? Tell us about them!

I have my black lab Bella and our new to the family pit mix Bree!

What's one fun fact people might not know about you?

My dream dog is a Great Dane. I had one, Jade, and she was the best dog! They are wonderful dogs! I plan to own another one or two or three someday!

Meet The Team:

Amy Brandenburg, Customer Service

What's your favorite part about working at Heartland?

My favorite part about working at Heartland is the family-friendly atmosphere and being able to take care of all of our customer's pets as if they were my own.

Do you have any pets? Tell us about them!

Yes, I do have pets. I have a mini zoo: 4 cats, 1 bunny, 2 chickens, fish, and 1 turtle.

What's one fun fact people might not know about you?

Fun fact that others don't know about me is that I have a postage stamp collection.

Meet The Team:

Riley Daly, Pharmacy Technician

Riley

What's your favorite part about working at Heartland?

My favorite part about working at Heartland would be the people. I work with supportive colleagues who make me smile and inspire me to learn and grow. Knowing I'm helping pet parents with their fur babies' needs is very rewarding!

Do you have any pets? Tell us about them!

I have a 13 year old Turkish Van cat named Snickers and 2 Puggies, Princess is 15 and Liah is 12.

What's one fun fact people might not know about you?

A fun fact that most people might not know is that I'm an identical twin. He is only 5 minutes older, but pulls the "older" brother card every chance he gets. I also enjoy creating charcuterie boards and traveling.

What's your favorite part about working at Heartland?

My favorite part about working at Heartland is knowing that I'm helping animals, and of course, my coworkers who also share the same passion for animals as I do.

Do you have any pets? Tell us about them!

We have three fur babies at home: a 4-year-old Labradoodle named Oliver, and two Mandalay cats named Mango and Scar.

What's one fun fact people might not know about you?

Something people may not know about me is I like to collect rocks from family vacations and special moments, to keep for memories, along with every art project my four children have ever brought home from school.

Meet The Team:

Kesley Potter, Warehouse Employee

What's your favorite part about working at Heartland?

I enjoy working with such talented individuals at Heartland. It is truly a joy.

Do you have any pets? Tell us about them!

I have two cats, Aries and Athena. My male cat is such a sweetie, and my female cat is super sassy.

What's one fun fact people might not know about you?

Something people may not know about me is I want to have my own farm with chickens!

Sue

What's your favorite part about working at Heartland?

I enjoy speaking with people from all over the country and learning about their animals. My coworkers also make Heartland a good place to work.

Do you have any pets? Tell us about them!

Yes, I have a few. I have a Golden Retriever that likes to come to work with me, that's Pepper, and a sassy cat named Kitty. I have a fish and shrimp tank and several frogs. I even have a couple of toads.

What's one fun fact people might not know about you?

Some may not know that I wanted to be an architect and love looking at house plans and critiquing them. I also like to refinish furniture. I just finished a side table that I am putting a new from terrarium on.

Meet The Team:

Lilly Coplen, Customer Service

What's your favorite part about working at Heartland?

My favorite part about working at Heartland Vet Supply is the family environment and knowing that I'm helping pets live healthy lives.

Do you have any pets? Tell us about them!

I recently had to rehome my dogs, Loki and Olivia, but I still get to visit them often!

What's one fun fact people might not know about you?

I love to collect Coca-Cola and The Nightmare Before Christmas items!

Meet The Team:

Danielle Blackburn, Pharmacist

What's your favorite part about working at Heartland?

I love the professional growth and development opportunities I've had. Overcoming challenges has been very rewarding.

Do you have any pets? Tell us about them!

I have two to four farm cats that are technically my neighbors', but I feed them, and they help keep the mice away!

What's one fun fact people might not know about you?

During my nine-year career in the military, I served in Operation Iraqi Freedom and Operation Enduring Freedom.
